GENERAL INFORMATION

This Circular contains the titles of book approved or recommended for use in 1961. As other suitable books appear during the year they will be added by supplements to Circular 14.

Wherever possible, books written by Canadian authors and produced by Canadian publishers will be chosen for these lists.

Titles of books that are marked with an asterisk are approved for use in 1961, but they are likely to be removed from the lists for 1962. Boards would be unwise to undertake the purchase of new sets of these books; purchases should be limited to the replacement of lost or damaged volumes for immediate use.

Where a school has a class set of a book that has just been dropped from the lists, it would be wasteful to discard the set if it is in reasonably good condition and if it is still considered useful. As reference or supplementary books these volumes can be retained in the school for use until they are no longer serviceable or of value.

Local Co-ordinating Committees are again invited to submit, through the Office of the Superintendent of Curriculum, Department of Education, Parliament Buildings, Toronto, suggestions for books to appear on supplementary lists later in the year. If a Co-ordinating Committee desires to use a text-book which does not appear on the approved list, application may be made to have it considered for approved listing.

GRANTS (Grades 1 to 10)

Schedules A and B contain the titles of text-books referred to in sections 32 and 34 of Part 4 of the Regulations, General Legislative Grants (O. Reg. 18/61), which read:

> "32. The board of a public or separate school shall be paid a gront equal to the amount expended in the preceding year far text-books approved under paragraph 33 of subsection 1 of sectian 12 of the Act, not exceeding an amount computed by multiplying $3 by the average daily ottendance in kindergarten to grode 10, both inclusive, during the preceding year."

> "34. The board of a high, continuation, ar vocationol school shall be paid a gront equal to the amount expended in the preceding year for text-books opproved under paragraph 33 of subsection 1 of section 12 of the Act, not exceeding an amaunt computed by multiplying $3 by the average daily attendonce of pupils in grades 9 and 10 during the preceding yeor, but excluding from the computotion average daily attendance of thase pupils whose fees are payoble by another board."

Under present Regulations, attendance in Grades 9 and 10 only may be included for purposes of calculating the maximum expenditure

on which a Board may claim reimbursement grants for the purchase of text-books listed in Schedule B. Attendance of pupils from other high school districts is excluded from this calculation.

Boards will be reimbursed in 1962 for amounts expended in 1961 for text-books listed in Schedules A and B to the extent and within the limits provided for in the Regulations then in effect. Reference should, therefore, be made to the latest Regulations for an authoritative statement on text-book grants.

Books selected from Schedules A and B that are purchased by a Board and included in claims for repayment grants, remain the property of the Board. Where these books are loaned to the pupils, they should be collected at the end of the school year so that they may be used again. In all cases the schools should see that proper care is taken of the books, keeping in mind that they belong to the Board and are intended to be used for more than one school year.

SELECTION OF TEXT-BOOKS (Grades 9 to 13)

It should be noted that the selection of text-books for Secondary Schools from Schedules B, C, and D is to be made by the principal subject to the approval of the Board by resolution. In this connection reference is made to section 18 of the Regulations for Secondary Schools, which reads:

> "18. (1) Subject to the approval of the board by resolution, the principal shall select the text-books for use in Grades 9 to 13, both inclusive, from the list of text-books approved under clause e of subsection 2 of section 10, or paragraph 33 of subsection 1 of section 12 of the Act, as the case may be.
>
> "18. (2) When the inspector makes his official visit to a school, the principal shall furnish him with a copy of each of the text-book resolutions dated and certified by the secretary of the board."

SCHEDULE A

Books Approved for Permissive Use (Grades 1 to 8)

Schedule A contains the titles of books approved for permissive use in Grades 1 to 8 of the several types of schools. Pupils will not be required to buy these books. School Boards will be required to provide Readers and other text-books selected from Schedule A in numbers sufficient for the use of the pupils. Boards should make their selections after consulation with teachers, principals, and inspectors concerned.

READING

New series of Readers are in preparation, and titles will be announced in supplements to this Circular as the books are approved.

Schools should not discard Readers that are in satisfactory condition. In larger schools it should be possible to fill out any shortages by using the older books from one classroom to complete sets in other classrooms. The new Readers might then be purchased for one classroom. Even when the new Readers have been adopted, the older ones should be retained in the classroom as supplementary readers until they are no longer usable.
